

The
Federal Government

German Non-State Actors

COP 25 - MADRID, SPAIN
2 - 13 DECEMBER 2019

GERMAN PAVILION SIDE EVENT PROGRAMME

**SPEEDING UP
CLIMATE
ACTION
TOGETHER**

WELCOME TO THE GERMAN PAVILION

DEAR VISITORS,

COP 25 participants can look forward to around 35 events at the German pavilion at stand 6A36 in hall 6. The events organised by government and non-government actors will focus on very different approaches and discussions on various activities in the fields of national and international climate action.

All events will refer in one or the other way to our key question “How can we speed up our climate action to fulfill the Paris goals and achieve a climate-resilient and carbon neutral future?”

The Federal Government of Germany recognizes the contribution and participation of non-state actors in the climate change dialogue: collaborating and ensuring that half of the events at the German Pavilion are from non-government organizations in the spheres of environment, development, industry, trade unions, municipalities and youth.

Kind regards,
The BMU/BMZ COP Pavilion Planning Team
